

DMI Dental Stools

July - September 2022

Relax knowing we have
the right stool for you

The dental stool should be the most important chair in your practice.

The amount of time a dentist/dental assistant spends in the chair can vary. Therefore, a good dental stool must provide comfort as well as durability and be simple to function.

The ergonomic features on your stool can profoundly influence your musculoskeletal health for years to come. The ideal stool should support your back, neck, and shoulder posture.

DMI offer a wide range of doctors and nurses stools from leading manufacturers which are designed to flex, conform and adjust to your every move.

Excludes VAT E&OE

Adec Stools

A-dec 500 Stools

Dynamic Support

Our feature-rich A-dec 500 stools have a dynamic seating system with unique performance zones that mold to the shape of the body. These performance zones work in unison to keep you supported while you shift, lean and work. Other features, such as the contoured backrest, cradle the spine for ultimate comfort. With A-dec's ergonomic seating solutions, you can focus on what's most important—your patients.

STOOL FEATURES:

Tilt Seat

Distributes weight from seat to feet allowing proper circulation.

Contoured Backrest

Cradles the spine, while encouraging blood flow. Contoured backrest is standard on the A-dec 521 doctor's stool and optional on the A-dec 522 assistant's stool.

Upholstery

Minimal seams make clean up easy.

Standard Foot Ring (A-dec 522 Assistant's stool)

Helps practitioner maintain correct posture.

Whisper Quiet Casters
The design provides smooth, ultra-quiet movement on both car-

Adjustment Controls
Numbered paddles are easy to access for quick adjustments and easy

Backrest Height Control
A push button makes access and one handed adjustments easy.

A-dec 522 Assistant's Stool

A-dec 422 Assistant's Stool

A-dec 400 Stools

Iconic Durability

You deserve comfort from seating that's also going to last. For years, our durable seating solutions have been helping dental practitioners sit in a healthy supported position. Features such as the anatomically shaped backrest, adjustable torso support, rolled seat edges and ergonomic tilt, reduce disc pressure and muscle pain.

Select sewn or formed upholstery in an extensive color palette that's sure to complement your office. Make your next seating investment with A-dec—we're here to support you.

A-dec 421 Doctor's Stool

A-dec 421 Doctor's Stool Find the Right Height

To choose the right stool height, measure from hips to the feet.

Above 32" - Choose tall cylinder
Under 32" - Choose short cylinder
