2.2	GHS Label Elements Hazard Pictograms			
	Signal Word: WARNING Restricted to use by dental professional only. Hazard Statements H319: Eye irritation. 2. May cause eye irritation. H335: STOT SE. 3. May cause respiratory irritation. H315: Skin irritation. 2. May cause skin irritation. H317: Sensitization. 1. May cause an allergic skir			
	Precautionary Statements P261: Avoid breathing vapor.			

P280: Wear protective gloves and eye protection

### Pulpdent Corporation

### **Safety Data Sheet**

Trade Name: **PULPDENT LIME-LITE™ ENHANCED** 

P305+P351: If in eyes, rinse cautiously with water for several minutes. P337+P313: If eye irritation persists, get medical advice/attention.

P302+P352: If on skin, wash with plenty of soap and water.

P333+P313: If irritation or rash occurs, get medical advice/attention.

	P410+P411: Protect from sunlight. Store at temperature not exceeding 27°C / 80°F.				
3.0	Composition				
3.1	Chemical charac	Chemical characterization of the preparation: Light-cured, glass-filled resins.			
3.2	2 Hazardous ingredients				
	CAS Number	Name of the Ingredient	Concentration	Classification per 67/548/EEC	Classification per Regulation (EC) No.1272/2008 (CLP)

4.0	First Aid Measur	First Aid Measures			
4.1	General Information  May be irritating to eyes, respiratory system, skin. Prolonged or contact with resins may cause sensitization. Show this safety data medical personnel. Get medical attention in case of uncertainty.		on. Show this safety data sheet to		
4.2			Move to fresh air. If necessary, administer oxygen and/or artificial respiration and seek medical attention.		
4.3	Skin Contact		Take off contaminated clothing. Wash skin thoroughly with soap and water for 15 minutes.		
4.4	Eye Contact		Keep eyelids apart and flush with running water for 15+ minutes. Get medical attention.		
4.5	Ingestion		Rinse mouth with water. Do not induce vomiting. Get immediate medical attention. May be irritating to mucous membranes. Never give anything by mouth to an unconscious person.		
4.6	Precautions for first responders		Ventilate the area. Wear eye and skin protection.		
4.7	Information for ph	nysicians			
	Symptoms		Irritation or redness in eyes, throat or on skin.		
	Hazards		May be irritating sensitization by s		system and skin. May cause
	Treatment		As above under F	First Aid.	
5.0	Fire Fighting Me	asures			
5.1	Suitable extinguis	shing media	Carbon dioxide, dry chemical, alcohol foam, or water fog. Water spray may be used to keep fire exposed containers cool.		
5.2	Extinguishing me	dia to avoid	Do not use direct water stream		
5.3	Special exposure	hazards in a fire	Heat may cause polymerization with rapid release of energy.		

Trade Name: **PULPDENT LIME-LITE™ ENHANCED** 

5.4	Special protective equipment for fire-fighters	A self-contained breathing apparatus should be worn by firefighters.	
6.0	Accidental Release Measures		
6.1	Personal precautions.	Ventilate area. Wear safety glasses, gloves and lab coat.	
6.2	Environmental precautions	Contain spilled material. Follow all government regulations.	
6.3	Method for clean up	Absorb or wipe up spill with paper towels or cloths. Collect for disposal in a covered container. Wash area of spill with alcohol or soap and water.	
7.0	Handling and Storage		
7.1	Handling	For use only by dental professionals. Follow good hygiene practices. Remove applicator tip from syringe and recap immediately after use. Keep light-cured materials shaded from intense light sources.	
7.2	Storage	Keep tightly capped. Store in original container at cool room temperature (<25°C). Avoid direct light, sources of ignition, extremes of temperature (>27°C/80°F, <5°C/40°F). Shelf life for unopened product is two years from date of manufacture, provided that the material has been stored properly.	
7.3	Specific uses	Dental material	
8.0	Exposure Controls / Personal Protection		
8.1	Exposure limit values	PEL: Not established. TLV: Not established.	
8.2	Exposure controls		
8.2.1	Occupational exposure controls	No special equipment required under normal conditions of use.	
8.2.1.1	Respiratory protection	Good general ventilation is sufficient to control any airborne vapors.	
8.2.1.2	Hand protection	Usual surgical gloves will limit contact with uncured material.	
8.2.1.3	Eye protection	Usual safety glasses.	
8.2.1.4	Skin protection	Good personal hygiene and safety practices; lab coat.	
8.2.1.5	Other controls	Emergency eye wash fountain should be available. Wash hands after use.	
8.2.2	Environmental exposure controls	Cure material before disposing. To the best of our knowledge, cured material is inert. Follow all government regulations.
