

## Endodontics by Dentsply Sirona

### X-Smart iQ™ – Touch the future today

X-Smart iQ is a continuous and reciprocating motion cordless motor controlled by an Apple iOS® application developed by Dentsply Sirona Endodontics. It is a complete solution designed to:

- **Give you more freedom when shaping** – 360° contra-angle head provides easy access and excellent visibility, with torque level indicators, auto-reverse and the ability to quickly switch from reciprocating to continuous motion.

**X-smart iQ™**

- **Support you throughout the endodontic treatment** – choose from a range of pre-programmed file sequences or easily create your own, plus an easy to understand image library to help explain the endo treatment to your patient.
- **Prepare your practice for the future** – facilitates treatment data capture and transfer to patient files
- **Flexible equipment options** – handpiece set and starter kits available, plus dedicated ProTaper Next® and WaveOne® GOLD kit options also available. Plus, dedicated iPad Mini™ protective case and stand, designed for your demanding environment.
